## **UCSC Congregate 2019 Event Proposal**

**Event**

UCSC Congregate is an event to be organized with the main motive of uniting students of UCSC and also to provide a platform for students to showcase their talents. In the midst of academic activities, an event of this sort would give the students a chance to engage in entertainment activities that would free their minds and enjoy their life at UCSC.

This event also enables to add more memories to a student's university life and creates a chance to strengthen the relationship between the batches of the UCSC as all the present batches will take part in the event.

The event has many performances which includes songs, dances and drama. Items will be both individual and team performances. Our own orchestra will be played in the event by the faculty students. Many more uncommon performances are to be displayed by the students, as this is a rare opportunity they get during their University life.
